## CUSH'N STEP

- [CUSHFLAT]- designed to provide full foot comfort for dress and low cut shoes CUSH'N STEP Implus® open-cell foam material is designed to provide shock absorption and impact protection
- Biocide additive helps reduce foot odour
- [CUSHMOLD] - Breathable fabric cover to wick away perspiration
- Light, strong and washable

**SIZING INFORMATION:** Use the AIRSOL Size Chart

## IMPACTOSOL

- Full flat design utilizing Epoflex® Visco elastic polymer for maximum foot protection
- The Poron® foam top layer provides constant cushioning and even distribution of weight to protect pressure points
- Molded design with arch support and with premium Epoflex® heel insert absorbs and dissipates the shock of heel strike that can cause fatigue and cumulative trauma to the joints
- HEELSPUR - Cushion made of the same material as IMPACTOSOL comfortably fit any shoe or boot absorbing and dissipating the jarring shocks with every step. "Teardrop" plug must be removed from center of heel spur cushion to provide additional pressure relief. Available in sizes A, B, C and D (see above chart).
